APRIL 19-25

NATIONAL LIBRARY WEEK

Join Us in Celebrating our Library System

National Library Week is April 19-25, and there are so many ways to celebrate! You can use your library card to check out more than just books and audiobooks — discover our Seed Library, Museum Passes, and Library of Things (like board games, Wi-Fi hotspots, and more!)

Beyond our fabulous library programs from all ages, we offer services like our Memvelope Digitization Service and 3D Printing.

This also is a time to celebrate the wonderful staff who make everything happen at our library locations.

We hope to see you soon at your local Clearwater Library branch!

We're More Than Just Books!

Get Creative and Find Community at Our Library

The Clearwater Public Library System is your go-to destination for so much more than reading material. Yes, we love books — but we also celebrate making, creating, and connecting!

From hands-on workshops and open-art studios to Maker Spaces where you can learn 3D printing, crafts, digital design, and more, there's something for all ages to explore and enjoy.

Whether you're joining a crochet circle, crafting with Play-Doh, diving into DIY projects, or reserving a Maker Studio to bring your ideas to life, the library is a vibrant space for learning, creativity, and community engagement.

With programs and events happening across all five Clearwater branch locations throughout the year, there's always a way to get involved — no matter your interests. Discover what your library has in store for you!
